To Whom It May Concern:

I am pleased to write a letter of recommendation for Darius Quick. Darius has worked in the Enteral Therapy department since September of 2018, directly supporting our patients and nurses who care for our patients in many different critical capacities and roles. He is highly patient care focused, extremely dependable and well-organized. Moreover, Darius is the first to accept additional responsibilities in times of need and has one of the most positive attitudes I've encountered in my professional work life. He goes above and beyond on a regular basis. I recommend him highly.

Please feel free to contact me directly if you would like additional information. I can be reached by dialing (410)288-8175 or emailing cwhitaker@jhmi.edu

Sincerely,
